

How to create a back to previous page button in WordPress

STEP 1

Find the Button widget in elementor

STEP 2:

2. Go to the Button widget's Advanced tab, enter a name into the CSS ID field, such as 'go-back' .

STEP 3:

3. Find the html widget in elementor

STEP 4:

4. Past this JavaScript:

```
<script type="text/javascript">
```

```
jQuery(document).ready(function() {  
  jQuery('#go-back').on('click', function() {  
    window.history.go(-1);  
    return false;  
  });  
});
```

```
</script>
```

5. You can also just use a plugin for this: <https://wordpress.org/plugins/insert-headers-and-footers/>

You can now paste the JavaScript code you copied to one of these boxes but we recommended adding code in **Scripts in Footer** box and then click on the Save button.
